SecureKey Named Top Growth Company in 2013 Branham300 Ranking of Top Canadian ICT Companies

Recognition Based on Exceptional Growth and Business Performance

TORONTO, Canada, April 23, 2013 – SecureKey Technologies Inc. today announced that it was named the Top Growth Company in the 2013 Branham300 list of Top 10 Growth Companies. The Branham300 ranking recognizes the top 250 Canadian information and communication technology (ICT) companies based on revenue growth, and SecureKey ranked 194 overall. The ranking places SecureKey among Canada's most successful innovators and validates the company's strategic approach to the market.

"Our disruptive approach to the challenges associated with ID authentication and privacy is clearly commanding attention from the financial services and payments industries as a compelling solution to a pervasive problem," said Andre Boysen, executive vice president of marketing for SecureKey. "We are excited to be ranked as the top growth company in the Branham300 Top 10 Growth Companies list and look forward to building on the market momentum during this next year."

In 2012, SecureKey was named as one of the Top 25 Canadian Up and Coming ICT Companies by the Branham Group. 2013 marks the second consecutive year of recognition for the company.

For 20 years, the Branham300 has highlighted the top Canadian and Multinational ICT companies operating in Canada, as ranked by revenues. It illustrates the depth and breadth of innovative technologies developed in Canada and is widely considered to be a leading source of intelligence on Canada's ICT industry. The Branham300 list consists of the following major categories:

- Top 250 Canadian ICT Companies
- Top 10 Growth Companies
- The Next 50 Canadian ICT Companies
- Top 25 ICT Multinational Companies operating in Canada
- Top 25 Up and Comer ICT Companies (category ranked on innovation/not revenue)

The Branham300 is published annually at www.branham300.com.
